

AUXILIARY FIREFIGHTER INDUSTRIAL INSTRUMENT

Further to CODE2 Volume 23 Number 43 on 14th October, a 'consultation draft' Agreement for Auxiliary Firefighters has been finalised and is being posted today to Auxiliary stations where there are **UFU members**. If your station does not receive a copy of the draft document please contact Jane Tunstall at the UFU office on 3844 0366 and she will arrange for a copy of the draft document and covering letter to be sent to you as quickly as possible.

The circulation of the consultation draft to UFU members begins the process of achieving an industrial instrument to give Auxiliary Firefighters proper wages and conditions of employment. Please take the time to read the document and covering letter and give any comments and feedback to Henry Lawrence or Jane Tunstall at the Union office or contact your Auxiliary representative on the Union's Committee of Management as it is important for you to have your say in what is pursued on your behalf.

Remember, the United Firefighters' Union is a registered trade union and is the only organisation or association that can represent and pursue the industrial interests of Auxiliary Firefighters.
